BRIDGEWAY and BEYOND

Transitional Living Program for Single Mothers & Children is a 13 bed residential Transitional Living Program for single women with children who are homeless or living in unsafe or unstable environments. Bridgeway is dedicated to restoring hope through caring and loving relationships. We believe that people have the power to change and that each person that comes through our program has strengths. Through loving relationships, grace and accountability we work with mothers to move towards their personal goal of living self-sufficiently.
